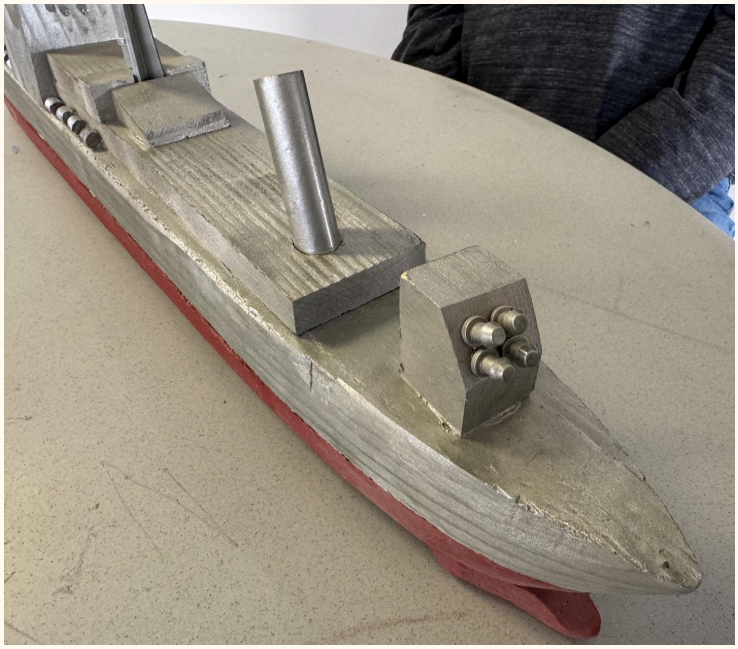
Meeting Location

Saratoga Federated Church Postal Annex Building
14376 Saratoga Ave., Saratoga, CA
Click **here** for map and directions.
4th Tuesday of every month except December.

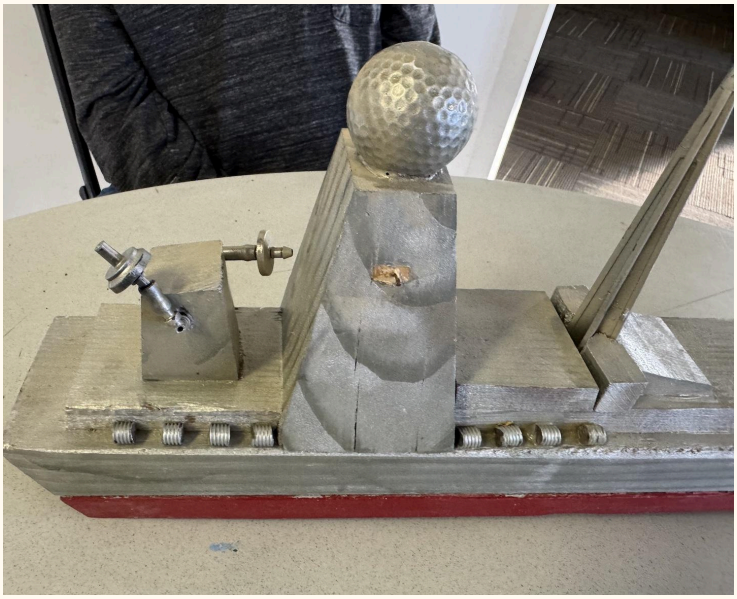
May Meeting in Review



May 2026 Show'n Tell

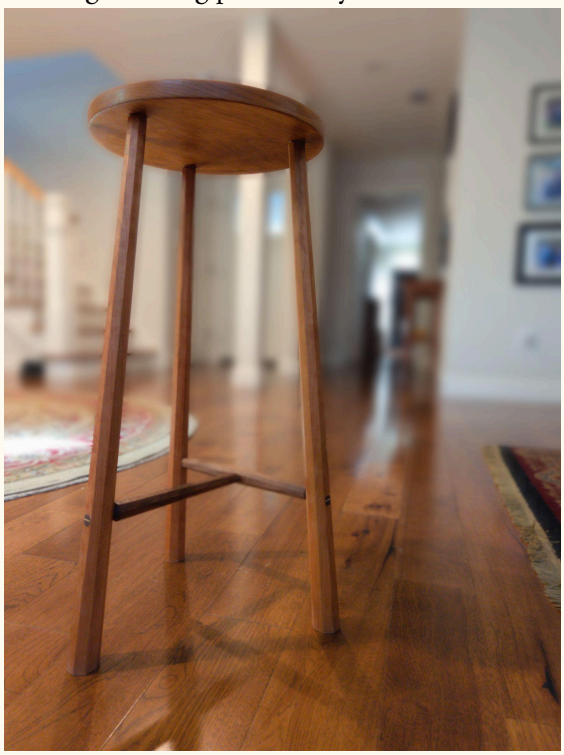
Dave Burkett showed some of the wooden toys he made with his son, Vincent ~15 years ago. He chose projects that could be cut primarily with the 20" scroll saw table, which with significant adult supervision was his most safe power tool for a 4th grader.

"What made the projects fun was repurposing spare what-nots around the garage, including the golf ball (radar), sprinkler drip nozzles (gun turrets), yard light fixture (mast and steam funnel), bolts (life rafts), air hose quick disconnects (mufflers), and of course scrap lumber", said Dave.

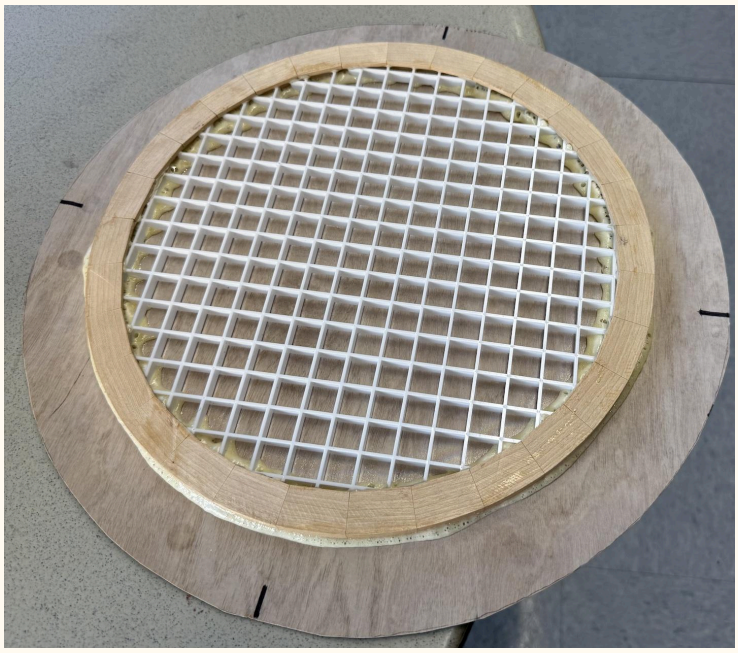


Greg Spencer presented a plant stand he made.
How is the plant standing with only two legs?

No worries! I got a 3-leg photo for you below.



Bob Konisberg with his new drum



Alan Kutach showed a few cutting boards.
